INTEGRATED FOOTWEAR MANUFACTURER SINCE 1976

PT. Venamon was established with a spirit of entrepreneurship by the late Mr. Hony Setiadi. Our vision is to become a superior footwear manufacturing business through hard work and a spirit of excellence, ever striving to provide the best service for our customers.

We are honored to have been part of the national security and defense system by providing officer and field footwear to the Indonesian National Army and National Police for several decades. Through our consistent effort in giving excellent products and services, our customers have grown to include various local ministries, local government agencies, private institutions and foreign armed forces. Aside from the officer and field footwear boots, we also produce outdoor shoes and sandals, casual boots for local and foreign brands.

PT Venamon's current annual capacity is 1,000,000 pairs of shoes and sandals. We are an ISO 9001:2015 certified company since 2011 and through maintaining quality management system, we constantly look for areas to improve our processes to produce excellent products. We are also a member of SATRA and have learned a lot from their extensive research and development studies. Ultimately, we strive to become a company that is always relevant by constantly learning to be better at what we do and keep improving through innovation and adaptation.

PRODUCTION CAPACITY

Our current annual capacity is 1,000,000 pairs of shoes and sandals. PT. Venamon constantly seeks to improve this production capacity through an on-going process evaluation system, resulting in the implementation of a more efficient and effective system. The evaluation enables our management to constantly upgrade our processes (kaizen), and to consider the needs for a radical process change (kaikaku). The current system is evaluated based on 4 determining factors of productivity: Man, Material, Machine, and Method.

EXCELLENT

Achieve **perfection** through **sincere** and **continuous improvement**, delivering more than expected.
